

The Herald

PROPERTY AWARDS FOR SCOTLAND 2008

WINNER

CCG Homes' fabulous Townhouse style home at their Chamberlain Gait development in Glasgow's Jordanhill won 'BEST TOWNHOUSE' category at the prestigious Herald Property Awards.

We were thrilled at winning the prestigious 'Best Townhouse Award,' said Janice Belshaw, Sales and Development Manager for CCG Homes. "We set out to create an individual home with a contemporary edge, but still feature the traditional elements required to fit into a traditional residential area. The back wall of the kitchen folds out on to the deck area in the garden and the front of the house features prepatenated copper to mirror the view of neighbouring University spires. The attention to detail both inside and outside at Chamberlain Gait, is quite rare and we are delighted this was appreciated by the award judges.

The judging panel commented,

'Chamberlain Gate at Jordanhill is described as an excellent example of a townhouse with generous proportions, adaptable spaces and a design that is perfect for its urban location.'
